Backup & Priority Replacement

Legacy

This service will be auto-included with all plans, effective January 1, 2023.

Disabled ring-u systems default to Backup being disabled. Enabling backup and priority replacement costs \$29.95 per month. Enabling the service takes effect in minutes, and will be pro-rated for your billing period. ×

Once Enabled Once enabled, backups are listed in this screen.

Should your system fail, ring-u will restore a Hello Hub with your most recent backup, overnight ship it to your location, and assist as needed to get your phone system back online quickly.
