

=====Phonebook=====

The Phonebook allows for shared internal and external contacts to be added to a shared listing, accessible by either the account admin in the portal or by users of supported phone models. Additionally, the Phonebook stores numbers for important internal use, such as failover contacts. 

## Supported Phones

Phonebook currently supported on:

Grandstream GRP26XXX  
Grandstream GXP16XX  
Grandstream GXP21XX  
Grandstream DP750/DP720

*Please note - It may take over 4 hours for updates to the shared phone book to be available on all phones, that is a function of the phones update cycle.*

Add numbers and names for sharing on all phones that support this feature. Many phones support a common phone book for quick dialing of common phone numbers.

denotes a number that is selectable for call routing and receptionist use.

denotes a number that has been blocked. The system will answer and hang up.
