2025/12/14 06:17 1/1 Setup Wizard

## **Our Setup Wizard begins**

Go to the setup wizardhere.

## Please remember before you begin:

- **1. DO NOT** begin this process unless you have all of your ring-u equipment on hand and ready to install.
- **2. Please** plug your Hello Hub into power, and your network, so that it can grab any needed updates (do this now).
- **3. DO NOT** log into any of your phones directly, or attempt to set passwords on your phones; this will break the auto-configuration process.
- **4. PLEASE**: Only do what this setup guide asks you to do when it asks you to do it.
