

## Welcome

The most popular and helpful pages are available on the menu on the left. They are great starting places. If there is a specific topic you are interested in, the **Search** field in the top navigation bar searches everything on this site.

This is the less formal, more informative version of just about everything **ring-u** knows about our phone system, and anything related we think might be useful. We have a sense of humor at times, and apologize in advance.

We are constantly updating this wiki.
